

## *The Voyage of the "C'est La Vie" Catalina 470 Sailed by: Keith & Susan Levy*

*Keith and Susan Levy sold their ranch in the Northern California foothills and most of their worldly possessions onto their new Catalina 470 in July 2000. To fulfill a childhood dream to sail around the world, Keith retired from his job as an Administrative Law Judge and Susan from her position as an Account Executive with Blue Shield.*

*They spent a year and half cruising the Sea of Cortez and the Pacific Coast of Mexico before leaving for the South Pacific from Puerto Vallarta in March 2002.*

*After an 18 day passage to the Marquesas, the Levys cruised to Tahiti and the Society Islands. Beautiful volcanic landscapes and friendly people greeted them in Niue. Swimming with humpback whales was the highlight of visiting the Kingdom of Tonga.*

*Currently berthed in Auckland, the couple plans to spend the next three years exploring New Zealand, Australia and surrounding waters. The Levys then plan to continue west thru the Mediterranean and across the Atlantic Ocean to finish their circumnavigation.*
